

2023 YEAR IN REVIEW

FEATURED PROJECTS

Saving and improving lives in Ukraine

In partnership with the US military, Spirit of America has delivered \$55 million and 800 tons in nonlethal aid to the front lines in Ukraine. Our assistance protects, and increases the effectiveness of, Ukrainian soldiers that have the most asymmetric impact on defending Ukraine against Russian aggression. In 2023, we provided:

- Mobile phones and tablets to get a secure communication network up and running that has eliminated over \$3.5 billion in deadly Russian systems, saving lives
- 111 surveillance drones
- 262 military trucks repaired and deployed
- 85 4x4 pickups, vans, and SUVs
- High-priority needs for elite military units

To address the devastating impact of Russia's war on Ukrainian students, Spirit of America developed and funded a new program, UActive, in partnership with the Ukrainian nonprofit savED. UActive students are learning the skills and getting the financial support necessary to rebuild their schools and communities.

Helping Taiwan and its people protect their democracy

In support of a secure and democratic Taiwan, Spirit of America collaborates with Taiwanese partners and civil society to enhance resilience against crises. In September, we actively participated in Taiwan's National Disaster Prevention Day exercises, where volunteer teams,

trained in crisis response, showcased their capabilities to international observers, including President Tsai Ing-wen.

Supporting the future of Afghan refugees

To continue our commitment to Afghans following the 2021 crisis, Spirit of America is working with US embassy teams and

local partners to promote the education of 3,000 displaced Afghans in Iraq, Qatar, Lebanon, Tajikistan, Kyrgyzstan, and Kazakhstan, and support their transition to permanent countries. Our Afghan Future Campaign is supporting educational programs and tutoring services, organizing professional development retreats, and arranging cultural experiences to improve mental health.

"Spirit of America is a whole of nation approach to service that strengthens our national security."

Michèle Flournoy, former Under Secretary of Defense for Policy

"Spirit of America represents a new capability – not just another nonprofit."

General Joseph F. Dunford Jr., US Marine Corps, Retired
